Hi Alice: Thanks for getting back to me. I was looking for the documents associated with the last meeting we had with Tierra. However, after I called you, I realized that you sent us two documents, and Bridget helped me find them. Has anything else related to the CSO sampling been submitted by Tierra since that meeting?

On a related topic, where do you stand in regard to EPA's decision on which CSO sampling method Tierra will be approved to use for that CSO sampling?

Thanks, Mick
